What is seen (Drishya)? Who is the Seer (Drig)?

Drig Drishya Viveka means the discrimination between the Seer and the seen. Discrimination in this text refers to separation of the Seer from the seen, the Real from the unreal. Having taken ourselves to be something that we are not, we suffer endlessly in life. The purpose of discrimination is to know our own true nature, thereby ending all sorrows for all times and gaining the absolute, unconditioned bliss.

A disciple of His Holiness Swami Chinmayananda, Brahmacharini Sumati Chaitanya completed her in-depth Vedantic studies in Mumbai, India. She has served as a spiritual guide in various Chinmaya Mission centers in India and abroad. Sumatiji is presently the acharya of Chinmaya Mission United Kingdom, residing in London, UK. A laudable devotional singer and highly acclaimed speaker, she has touched the hearts of many spiritual seekers through her striking clarity and innovative examples.
